To whom it may concern

Rene worked from February 2017 until June 2021 in our large Radio Implementation project and supported us in the daily project reporting function.

In this function Rene designed, developed, produced and maintained various operational and financial daily reports.

These reports were vital for our operations and had high stakes in our project success. Rene showed absolutely outstanding commitment to his work and tried anything possible to achieve deadlines and quality. He displayed a very high flexibility in time and solutions finding. His extensive technical knowledge and bandwidth enabled us to get all requirements fully satisfied.

I can highly recommend Rene to any future employer. Please do not hesitate to contact me, should you need further information about Rene.

Yours faithfully
Thomas Jung
