Appendix II: List of Technologies / Tools / Concepts Used on Daily Basis

- Acrobat Professional
- Active Directory Management
- Adobe Photoshop
- Application Development
- Artificial Intelligence Prog.
- Assembly Language
- Audio/Video Management
- Audio/Video Systems
- Autodesk 3D Studio Max
- Autodesk Softimage
- Bomgar Remote Access
- Building Management Systems
- Business Intelligence Systems
- C++ Programming
- Cloud Systems Development
- Deuromedia IPTV
- FTP Server Configuration
- GSM Communication Manag.
- HTML/XHTML
- IPTV Systems configuration
- JavaScript Programming
- LAN Design
- Linear Algebra
- Linux Ubuntu
- Microsoft Exchange Mgmt.
- Microsoft Office
- Microsoft Project
- Microsoft Visual Studio
- Microsoft Windows 7
- Microsoft Windows 8
- Microsoft Windows Servers
- Microsoft Windows XP
- MySQL Databases Management
- Novell GroupWise Management
- Novell Netware Management
- Objective-C
- Opera Hospitality Solution
- OS Imaging
- PHP programming
- Quadriga IPTV
- Satellite Systems Configuration
- Server Installation / Config.
- SLA (Service Level Agreements)
- Symantec Endpoint Protection
- Thinking Particles
- UML
- Acentic IPTV
- Acronis True Image
- Apache WebServer Config.
- Apple Snow Leopard OS
- Bitmap Graphics
- Change Management
- Cisco IOS Configuration
- Cocoa
- Complex Numbers Math
- Computer Fixing and Repairing
- Decision Support Systems
- Discussion Boards Config.
- Domain Controller Installation
- ESET Antivirus
- Euler Angles Math
- Fairmas Products
- HP ProCurve
- ImageMagick
- Krakatoa
- Logical LAN design
- Macro Development
- Matrix Math
- Micros Cashier Systems
- Microsoft Visio
- Mobile Devices Development
- MS Word Macros Development
- Negotiations
- OpenGL ES
- Particle Illusion
- People Management
- Photoshop Plugin Development
- Polygonal Modeling
- Practical Math
- Product Life Cycle Management
- Quaternions
- Remote Access Systems
- RSA SecurID Authentication
- Server Virtualization
- Sitni Sati AfterBurn
- Sitni Sati FumeFX
- Softimage Plugin Development
- SonicWall Firewall
- Special Effects Creation
- Spline Modeling
- Subdivision Modeling
- Symantec BackupExec
- 2D Graphics
- 3D Graphics
- AJAX
- Analog Voice Systems
- Apple IOS
- Applied Mathematics
- Banking Systems Configuration
- Budget Planning
- Communication to SW Devel.
- Communication to Top Mgmt.
- Communication to workers
- Computers Building
- Contracts signing
- Data Warehouse
- Employee Attendance Systems
- File/Print Server Installation
- Financial Plans Development
- Flash Development
- HW supplier selection
- IP Voice Telephone Systems
- IT Department Management
- IT Policies Defining
- IT System Security Establishing
- IT Systems Documentation
- IT Systems Preparation
- ITIL
- JavaScript DOM
- Key IT Organizational Decisions
- Key Suppliers Selection
- LAN deployment
- Mobile Email Clients
- Mobile Software Installing
- MS DOS
- MS Outlook Management
- Network Backbone Installing
- One Vision IPTV
- PCI DSS Compliance
- Pegasus Mail Management
- Presentation Skills
- RAID
- Remote Administrator
- Reporting to General Manager
- Reverse Engineering
- Server Selection and Purchasing
- SLA Signing
- Softip

<http://lnkd.in/mkBsUZ>

- VMWare Virtualization
- VPN Tunnels
- WAN Design
- Web Design
- Web Domain Registration
- Workstation Installing
- Workstation Management

- Trigonometry
- Troubleshooting
- UltraVNC
- Vector Graphics
- Vector Mathematics
- WatchGuard Firewall
- XCode 4

- Staff IT Training
- SW supplier selection
- TCP-IP Architecture
- TCP-IP Networking
- User Support
- Windows PowerShell 2.0
